The day started out as anything but normal. Kids converged on the flag wearing Mickey Mouse ears and smiles. [Editor's note: shirts and shorts also worn] After camp pictures, everyone loaded the buses to enjoy water slides, lazy rivers, and inner tubes at the water park. Exhausted and hungry kids wolfed down pizza and dilly bars before returning to camp for games & music.

Medal of Honor Presented Numerous small children were spared injury as Ethan put himself in front of giant waves being created by Cabin A guys coming down the shortest, but fastest waterslide in northern MN.

Calm, Cool, Collected and Leaking Kamp KACE didn't let a broken down bus ruin their spirits. Everyone took the unanticipated bus shuffling in stride by not complaining even as they had to wake from their naps early.
